*A Tradition of
Excellence in Boise*

Find us on 

Dear Residents:

With the new year ahead of us, it is a pleasure to reflect upon the good times we had in our community last year. We have shared wonderful news, as well as unfortunate sorrow, and we know we have many blessings for which we should be thankful and possibilities that await us as we approach the months to come. The year ahead brings with it new opportunities! So, keep an eye on this newsletter as we bring you familiar events and important news, and let me know if you have an idea for something new we can plan together. As always, give me a call, or stop by my office, to discuss activities that might benefit all residents of our community. We wish you a safe, healthy and happy new year! ~ Sherrie Hix

Community Meeting

Our team values your opinion, and we want to hear from you, which is why we hope you’ll join us for our monthly resident community meeting on the 3rd Wednesday each month. This gathering opens the floor up to share issues you feel need to be addressed, offers you an opportunity to ask questions and make suggestions, and keeps you informed of what’s happening in our community. We look forward to hearing from you!

Don’t Fall This Winter!

Please be especially careful when walking in the parking lots and on sidewalks and stairs this time of year. Ice is not always visible and can be anywhere to trip you up. If you notice icy spots around the community, please let us know immediately so we can put a mixture of pet friendly ice-melt on the area. Be careful out there!

Be Thankful

Start your year off with kindness and appreciation—January is National Thank You Month. Often people are critical instead of thankful, and an honest “thank you” can mean the world to someone. This month, focus on expressing gratitude and doing nice deeds for others.

Do Something New

As a new year approaches, vow to try something out of the ordinary every week. Whether it’s a new activity, friend, food or simply learning a new word, bringing something different into your world can enhance brain health and enrich your life.

Take Advantage of Fun Activities

Our activities schedule is designed to appeal to a variety of personalities and hobbies. Please join us! If there's an activity you'd like to see added to the schedule, please let us know. We will do everything we can to make it happen!

Helping Hands Wanted

The holidays flew right by, and now it's time to take down our decorations. We could use some help as we box everything up and store it until next year. See the calendar for the date and time.

Exercise With a Friend

Exercising regularly can help you fight off seasonal colds. But if you need motivation to get moving, get a little help from a friend. Working out with a companion provides encouragement to stick with the commitment and helps take your focus off the physical exertion.

Beat the Winter Blues

The winter blues have a way of getting us down, but that doesn't mean we have to stay there. The next time you're feeling in a funk, try one of these methods to boost your mood:

Pull out the photo album. A U.K. study found that looking at personal photos lifted people's spirits by 11 percent. Pick pictures with fond memories, such as those from a fun vacation or family gathering.

Spread the warmth. There's a reason we turn to steaming mugs of hot tea or cocoa for comfort—a Yale study shows that warm liquids can make us feel happier. Taking a warm bath or shower will have the same effect.

Lighten up. Sunlight is a natural mood booster, and studies show that increased light exposure contributes to happiness and better sleep. Open your shades and have a meal by the window to soak up as much daylight as you can.

Put on a happy face. A simple smile is sometimes all it takes to raise your spirits. According to experts, our emotions respond to our physical actions, so appearing happy will make us feel happy, too. A cheerful demeanor will also invite others to strike up a conversation with you—another instant mood booster.

Fact or Fiction: Myths About the Common Cold

In the thick of cold and flu season, people will believe just about anything in order to feel better and prevent any icky encounters. But does science back the advice you've been following for years? Here are some common cold remedies and prevention techniques from *WebMD.com* and the truth behind their claims:

Claim No. 1: Washing hands is critical. Fact: Colds are spread by touching someone or something with cold-causing viruses and then touching your nose, eyes or mouth. Wash hands thoroughly and often.

Claim No. 2: Feed a cold, starve a fever. Fiction: There's no solid evidence that colds get better with food or that you shouldn't eat when feeling feverish. It's more important to listen to your body and eat when you're hungry.

Claim No. 3: Bundle up or you'll catch a cold. Fiction: While colds are more common in colder seasons, you can't catch one from low temperatures.

Claim No. 4: Taking a shower will make you feel better. Fact: A hot shower can loosen clogged nasal passages to help you breathe.

Claim No. 5: You'll catch a cold by going outside with wet hair. Fiction: A wet head will just make you cold. It won't give you a cold.
